VINCE CEBUHAR

Most Montana bowlers know, or have seen, Vince Cebuhar. Vince, a former resident of Roundup, has resided in Billings for the last 4 years. He attended his first State Tournament at Missoula in 1920 and has rolled in most of them since that time. For many years Vince and his white "good luck" cap were a familiar sight at tournaments all over the Northwest. In recent years he has discarded the cap but whenever there is a tournament to be bowled Vince is usually in there getting his share of the pins. At the 1921 State Tournament in Butte Vince racked up an all-events score of 1950, with team games of 218, 201, 236; doubles games of 209, 204, 214, and singles games of 225, 239, and 204.

Hundreds of Montana bowlers have bowled in the Annual Classic since that time but Vince's 1950 still remains at the top of the list.

ETIQUETTE FOR BOWLERS

1. Each bowler has as his obligation the maintenance of the approaches in as nearly perfect condition as possible. Bowling shoes, although not absolute essentials, are important to the extent that they should not be substituted for with shoes which are likely to leave marks on the runways. Burnt matches, ashes and other refuse should be deposited in suitable receptacles. In no instance should anything of either solid or fluid nature be permitted on the approaches. Good approach conditions can best be maintained by a healthful respect by each bowler for the rights of other bowlers.

2. When bowling one should use either his own ball or one selected from the rack. In no instance should one attempt to use a ball which is being used by another bowler. If one must bowl with a ball which is in use he should wait until the one bowling it quits bowling, thereby releasing it for use by others.

3. In both practice and match bowling the bowler on your right should be given the opportunity to bowl first. To grant this opportunity, one should stand far back in a relaxed position.

4. One should strive to win by good bowling on his part rather than poor bowling on the part of the opponent. An expression of this type is the only one which connotes true sportsmanship.

Remember Those at Home

Husbands come and husbands go,
But their wives stay home forever.
Husbands laugh and husbands rave,
But their wives stay home and have to save.
Husbands gamble, bowl and and dance,
But their wives stay home and mend their pants.
Now this, my friends, is a reminder to you,
That before you're broke, of some things to do;
Be sure to purchase for that little wife
A broom, a mop or a fine carving knife.
Take the baby home a pair of shoes,
Give the rest of the family, flowers, clothing, rouge.

What to Say and Do While You're Bowling . . .

- 1—If you hit the headpin and don't strike, call the manager.
- 2—If you bowl a ball that doesn't hook, mention the fact you're bowling on backup alleys.
- 3—If you get a lucky strike, talk about the stuff you put on the ball.
- 4—If you pick up a split just say, "That's an easy spare for me."
- 5—If you blow a single pin it is advisable to look at the runways to see what made you stumble, unless you think you accidentally dropped the ball.

Did You Know?

A rolling ball gathers no moss.
A black ball remains black, altho it fades.
A railroad is a thing trains run on and bowlers fear.
A pin boy is usually a good man who has had tough breaks.
A foul man is not a member of the feathered family.

The Montana Bowling Association was organized in Billings, Montana, in 1936. Who was responsible for the idea? It's difficult to answer this question but it is certain that L. E. Jones, F. J. Sten, Frank Comte, Joe Markham and others made the first advances.

ONLY THE
FINEST PINS
MADE WEAR

RED CROWNS*

they're used exclusively at
bowling's

**BIGGEST
TOURNAMENTS!**

Preferred by Bowlers

Red Crowns are built for livelier action, higher scores. They've been used for years at ABC, WIBC and other leading tournaments. They're the best pins money can buy.

Preferred by Operators

Red Crowns are made stress-free by Brunswick's special kiln process. The result is less chipping, checking and breaking — more lines from every set of pins!
